1. INTRODUCTION

1.1. The Local Development Plan

- 1.1.1. The Planning and Compulsory Purchase Act 2004 requires that Local Authorities prepare a Local Development Plan (LDP) for the Local Authority area. The document provides the development strategy and policy framework for the specified plan period. It is an important land use planning document, which will guide and control development, providing the basis of how planning applications are determined. Once adopted, the LDP provides certainty to the communities of the County Borough regarding where development will be located over the plan period. The LDP will also ensure that the principles of place making and sustainability are at the heart of the plan-making process, reflecting the Well-being of Future Generations (Wales) Act 2015.
- 1.1.2. The Council has prepared a Review Report in which the progress of the existing LDP has been considered. The Review Report concluded that a revised LDP was required. This was approved by Council in July 2020. The Council is now preparing a Revised LDP which will cover the plan period 2022-2037. The first stage of this is to prepare a Delivery Agreement in line with Regulation 9 of the LDP (Wales) Regulations 2005. The existing LDP 2006-2021 will continue to be the mechanism for determining planning applications.
- 1.1.3. This Delivery Agreement has been prepared during the worldwide COVID-19 pandemic. The Council will adhere to the Government Regulations regarding COVID-19; this includes social distancing and seeking innovative methods to consult during this time. Should additional opportunities arise during the plan preparation process especially where restrictions continue to be lifted, the Council will endeavour to respond to these.

1.2. What is a Delivery Agreement?

- 1.2.1. A Delivery Agreement (DA) is a project management tool that must consist of two parts, the Timetable and the Community Involvement Scheme (CIS). The purpose of the DA is to establish the Local Planning Authorities (LPA) early and full engagement and involvement in the preparation of the LDP. The Delivery Agreement must be produced prior to the formal preparation of the LDP, and forms an important and legal part of the process for the preparation of the Plan. Once approved the Delivery Agreement commits the LPA to produce or revise its plan in line with the timescale and community engagement processes.
- 1.2.2. The DA is comprised of the following sections:

Section A – The Project Management Timetable for the Revised LDP: The timetable details the stages in the preparation of the LDP and how the plan-making process will be project managed. It sets out in a realistic manner what the Authority

can do in the timescale and with the budgetary and staffing resources available, as well as the corporate framework in which the plan will be prepared. The timetable provides a clear indication of when each stage of the plan preparation process will take place.

Section B – The Community Involvement Scheme: The Community Involvement Scheme (CIS) sets out the LPAs principles, strategy and mechanisms for early and continuous community stakeholder involvement in the preparation of the LDP. The purpose of the CIS is to show how, who, and when the LPA will seek the views of its stakeholders including its communities, as the LDP progresses. The CIS is written to maximise collaboration between the Council and its stakeholders, in doing so it will discharge its duty under the Well-being of Future Generations (Wales) Act.

1.2.3. A glossary of terms can be found at Appendix 6.

1.3. Stages in the Preparation of the Delivery Agreement

1.3.1. The preparation of the Delivery Agreement requires a number of steps that are set out below, along with their timescales:

- Preparation of the Delivery Agreement (DA) document including the timetable and the Community Involvement Scheme. (December 2021)
- Political reporting to Cabinet to seek approval of and to consult on the DA (January 2022)
- Consultation of the DA (February 2022).
- Amendments to the DA post consultation and preparation of the initial final document. (February 2022).
- Political reporting of the DA and approval by resolution of the Council (March 2022).
- Submission of the DA to the Welsh Government for approval (March 2022)
- Publication of the approved DA and making the document available for public inspection and official start of the LDP process (April 2022)
- Review the DA on a regular basis.

1.4. Preparation of a Revised LDP

1.4.1. In preparation of the Revised LDP, the Council will aim to achieve the following key outcomes;

- Support sustainable development and quality places based around the National Sustainable Placemaking Outcomes, aligned with national policy (set out in

PPW) integrated with an SA/SEA/HRA, including Welsh language and the requirements of the WBFGA 2015.

- Be based on and underpinned by early, effective and meaningful community involvement in order to understand and consider a wide range of views, with the aim of building a broad consensus on the spatial strategy, policies and proposals.
- Be based on a robust understanding of the role and function of an area(s) including the functional linkages to areas beyond administrative boundaries.
- Be distinctive by having plans setting out clearly how their area will develop and change, giving certainty for communities, developers and business.
- Be resilient to climate change (using the latest UK Climate Projections, flood risk and vulnerability assessment data) and support the transition to a low carbon society in line with the latest carbon reduction targets and budgets as set out in the Environment (Wales) Act (Part 2). The principles of Placemaking, the Sustainable Transport Hierarchy and the Energy Hierarchy as set out in PPW must be adhered to.
- Ensure the sustainable management of natural resources in accordance with the Environment (Wales) Act 2016 and other relevant legislation.
- Deliver what is intended through deliverable and viable plans, taking into account necessary infrastructure requirements, financial viability and other market factors
- Be proactive and responsive with plans, kept up-to-date and flexible to accommodate change.

(Welsh Government, Development Plans Manual, Edition 3, March 2020)

1.4.2. Preparation of the Revised LDP will include consideration of a host of guidance, policy and legislation emanating from the European, national, regional and local level. The Revised LDP will also be guided by the aims and objectives set forth in the Cwm Taf Well-being Plan 2018-2023 entitled *Our Cwm Taf*. These are centred around having *thriving communities, healthy people* and a *strong economy*, with the cross cutting objective of *tackling loneliness and isolation*. The revised plan will also be influenced by the cultural, economic, environmental and social well-being goals and objectives within *Our Cwm Taf*, where they relate to land-use planning.

1.5. **Sustainability Appraisal incorporating Strategic Environmental Assessment (SA/SEA)**

- 1.5.1. The Planning and Compulsory Purchase Act 2004 (s.62) requires the LPA to undertake a Sustainability Appraisal (SA) of its Revised LDP and report the findings as an integral part of the plan-making process. Policies in the plan are required to address those aspects of sustainable development that can be addressed through the land-use planning system. Consideration of social, economic and cultural implications should be fully considered.
- 1.5.2. In addition to this, Local Authorities are required to comply with European Union Directive 2001/42/EC and the Environmental Assessments of Plans and Programmes (Wales) Regulation, which require the formal Strategic Environmental Assessment (SEA) of the LDP. The scope of the SEA is limited to environmental effects.
- 1.5.3. Both first generation and Revised LDPs have to be subject to an SEA. It is considered by the Welsh Government that an appropriate way of undertaking the Strategic Environmental Assessment (SEA) is to incorporate it into the SA. The SA incorporating SEA is a statutory requirement in the preparation of a Revised LDP, to fully assess the social, environmental and economic implications of the Plan's strategy and associated policies. The process ensures that LDP policies reflect the principles of sustainable development, whilst taking full account of any significant effects of the Plan on the environment.
- 1.5.4. The SA process should be fully integrated into the LDP process and reflected in the timetable alongside each stage of the plan preparation process. There are elements of the SA/SEA process, which requires that specific work is undertaken and this needs to be clearly identifiable within the process. These will be reflected in the timetable and engagement plan.
- 1.5.5. There are 5 main stages in the SA/SEA process. These are set out below:
 - Stage A – Scoping. This establishes the baseline evidence and sets the context and objectives.
 - Stage B – Appraisal of Alternatives. Developing and refining options and assessing effects.
 - Stage C – Assessment of the Deposit Plan and preparation of SA Report
 - Stage D – Examination and Adoption
 - Stage E – Monitoring. Monitoring the significant effects of implementing the development plan.

(Welsh Government, Development Plans Manual, Edition 3, March 2020)

1.6. **Habitats Regulations Assessment (HRA)**

- 1.6.1. A Habitats Regulation Assessment is a legal requirement under the Conservation of Habitats and Species Regulations 2017 (the 'Habitats Regulations'). The Local Authority must undertake a Habitats Regulation Assessment (HRA) in order to

assess if the policies and proposals in the LDP will have any significant effect on the integrity of European designated sites.

- 1.6.2. The HRA will not be integrated with the SA due to different legislative requirements. Engagement and consultation with Natural Resources Wales (NRW) will be undertaken throughout the HRA process.

1.7. Evidence Base

- 1.7.1. With the production of a Revised LDP, there will be a corresponding need to update or renew a number of studies/documents contained within the current LDP evidence base, which underpins the plan. In line with previous AMRs, all contextual, policy and legislative changes that have occurred since the adoption of the LDP will also need to be given due consideration, as part of the evidence base updates. The list below illustrates those areas of evidence base documents that are likely to be required, as part of the LDP full revisions process:

- Population Data and Housing Forecasts
- Local Housing Market Assessment (LHMA)
- Gypsy and Traveller Accommodation Needs Assessment
- Urban Capacity Study
- Settlement Boundary Review
- Sustainable Settlement Hierarchy
- Employment Land Review
- Retail Study Update
- Green Infrastructure Assessment
- Assessment of Environmental Constraints
- Public Open Space Assessment
- Renewable Energy Assessment
- Transport Assessment
- Landscape

- 1.7.2. The list is not definitive nor exhaustive, as the need for additional evidence may present itself throughout the plan-making process.

- 1.7.3. Given that a number of local authorities within South East Wales are currently progressing revised plans, the Council will endeavour to explore possibilities for the joint commissioning of evidence base documents.

1.8. The Well-being of Future Generations (Wales) Act

- 1.8.1. The Well-being of Future Generations (Wales) Act received Royal Assent in April 2015. The Act requires public bodies to think about the long-term impact of their decisions, to work more effectively with people, communities and each other, and to prevent persistent problems such as poverty, health inequalities and climate

change. The Act sets seven well-being goals, which it requires public bodies to achieve. These are:

- A prosperous Wales
- A resilient Wales
- A healthier Wales
- A more equal Wales
- A Wales of cohesive communities
- A Wales of vibrant and thriving Welsh Language
- A globally responsible Wales

1.8.2. It must be demonstrated that the LDP contributes to all of these goals, with the production of the SA alongside the plan providing an understanding of how this contribution can be maximised.

1.8.3. The Act also identifies 5 ways of working, which the LPA is required to demonstrate, these are 'long-term', 'involvement', 'integration', 'prevention' and 'collaboration'.

1.8.4. As a requirement of the Act, a Local Well-being Plan must also be produced; Rhondda Cynon Taf has the Cwm Taf Well-being Plan, 2018-2023, which has been summarised above.

1.8.5. Both the WBFGA and the Local Well-being Plan will be given full consideration through the plan preparation process, including when undertaking engagement.

1.8.6. **Future Wales: The National Plan 2040**

1.8.7. Future Wales: The National Plan 2040 is the National development plan for Wales. It is the highest level development plan in Wales and the LDP will need to accord with the plan and reflect its aims and objectives.

1.9. **Tests of Soundness**

1.9.1. The Planning and Compulsory Purchase Act 2004 requires that a LDP is subject to an independent examination, to ensure that the Plan is 'sound'. The Revised LDP will be submitted to the Welsh Government, who will appoint an independent Inspector to examine the Plan. The Inspector will determine whether the Plan has been produced in accordance with the legal and regulatory requirements and whether it conforms to the Community Involvement Scheme.

1.9.2. The Inspector will further assess whether the Plan meets the preparation requirements and the three soundness tests, which are:

- Does the plan fit? – Is it consistent with all other plans?
- Is the plan appropriate? – Does the plan address the issues of the area?

- Will the plan deliver? – Will the plan be effective?

1.9.3. There is a fundamental need for a strong evidence base and consultation process. It is also essential to demonstrate the rationale behind the Plan's policies and to assess the outcomes. The conclusions drawn by the Inspector in the final report will be binding on the LPA. Unless the Welsh Government intervene, the LPA must accept the changes and accordingly seek to adopt the Revised Plan at full Council.

2. THE TIMETABLE

2.1. Introduction

- 2.1.1. The Timetable is a crucial element of plan preparation. It ensures that the plan is produced efficiently and in a structured way. Timeliness is even more crucial during a full revision of the LDP, as the Local Development Plan Manual now sets out that the Welsh Government expect the delivery of a Revised LDP to take no longer than 3.5 years (3.75 incorporating slippage) from commencement to adoption.
- 2.1.2. There are two stages to the timetable, those that are definitive and those that are indicative. Definitive stages are those up to and including the statutory deposit period. These stages of the process are under the direct control of the Council and therefore the timetable is as realistic as possible. This part of the timetable is firmer as the project management of the process can be monitored and controlled more carefully. Every effort will be made to avoid deviations from the approved timetable during these stages. Where deviations are necessary, often due to factors outside of the control of the LPA, a period of slippage is built into the process and the LPA needs to seek permission from Welsh Government to invoke this period.
- 2.1.3. Indicative stages are the stages beyond the statutory deposit period. The Council has less control over the later stages of the process, as they are dependent on many factors such as the number of representations that need to be handled and the availability of the Planning Inspectorate. The indicative stages of the timetable will be subject to review as the LDP progresses, and the Council will endeavour to liaise with the Planning Inspectorate, informing them about the progress of the plan as it moves forward.

Further details on the projected timescales for plan preparation are set out in **Table 2**.

2.2. Management of the LDP Process

2.2.1. The Director of Prosperity and Development will hold overall responsibility for the delivery of the LDP. On a day-to-day basis, the Development Services Manager (Planning Policy) will be responsible for the management of the process. Under the Development Services Manager, the Planning Policy Team will be responsible for the preparation and production of the Revised LDP, with Member engagement and reporting at the relevant stages.

Resources

2.2.2. The Council recognises the importance of ensuring sufficient resources are available in order to efficiently and expediently deliver the LDP. The Planning Policy Team, which is responsible for the production and delivery of the LDP, consists of:

Current LDP Team

- Development Services Manager (Planning Policy) (Grade 15) x1
- Planning Policy Team Leader (Grade 13) x1
- Senior Planning Policy Officer (Grade 11) x 2
- Planning Policy Officer (Grade 10) x1
- Planning Assistant and Technical Officer (Grade 8) x 1
- Planning Assistant (Grade 9) x 1- Vacant

2.2.3. As well as the LDP team, officers and expertise will be drawn from various departments within the Council, throughout the LDP process. This is likely to include support from Development Management, Countryside, Highways, Housing, Regeneration, Education, Public Health, Legal and Democratic Services, ICT and Welsh Translation.

2.2.4. The LPA will also enlist professional expertise for specialist services required in the production of a robust evidence base, to support plan preparation. Whilst Council officers will endeavour to produce as much evidence as possible in-house, it will nonetheless be necessary to engage external consultants to compile those highly specialist and technical studies, required in the plan-making process. Where possible opportunities for joint commissioning of evidence base work will be explored.

2.2.5. The Delivery Agreement has been compiled on the premise of solely preparing a Revised LDP for Rhondda Cynon Taf. The Council are however also committed to regional working, through the preparation of the Strategic Development Plan.

2.3. LDP Budget

- 2.3.1. An estimated budget of £600,000 will be required for the production and implementation of the plan. It is considered that a sufficient budget is achievable to enable the production of the plan, in line with the Delivery Agreement timetable.

2.3.2. The accrued, unspent LDP budget over recent years gives us a total pot of £502,000. The continuation of the annual budget of £68,000 per annum throughout the plan preparation period would then meet this need. It also allows scope for small shortfalls in estimated costs, unseen costs that may arise during the long production period of the Plan, and to meet a few ongoing commitments.

2.4. Risk Assessment and Management

2.4.1. The Council considers that its timetable is realistic and deliverable however the timescales involved, set by Welsh Government, are challenging, this is along with the further challenges brought by the COVID-19 pandemic. There is inevitably some element of risk that cannot be foreseen, which could witness the plan deviate from the timetable, as proposed. More detail relating to risk and potential mitigation is outlined at Appendix 3.

3. COMMUNITY INVOLVEMENT SCHEME (CIS)

3.1. Introduction

- 3.1.1. The Community Involvement Scheme (CIS) specifies how the LPA intends to proactively engage with and involve local communities/stakeholders in plan preparation, as part of the Revised LDP. The CIS provides information to interested parties on how the Council intends to consult with interested parties and provides information and certainty on when and how people can have their say throughout the LDP process.
- 3.1.2. Rhondda Cynon Taf firmly believes that community and stakeholder engagement in the plan-making process is fundamental to the success of the Revised LDP. Community involvement will be the cornerstone in addressing any contentious issues that arise as part of the process, in addition to assisting with mediation. Such engagement will also serve to highlight the shared goals and aspirations for the County Borough and expose those areas of common ground upon which consensus can be built.
- 3.1.3. The Development Plans Manual, Edition 3, states that when preparing the CIS LPAs should:
- Create the conditions for early involvement and feedback at a stage when people can shape and influence the plan, based on the 5 ways of working, as set out in the WBFGA 2015
 - Encourage the commitment from all participants to an open and honest debate on realistic development alternatives in search of broad consensus
 - Recognise the need to adopt approaches/techniques for involving all elements of the community (age groups, local community action groups, hard to reach groups and protected characteristic groups) including business, which seeks to involve those not normally involved
 - A one size fits all approach will not be appropriate
- 3.1.4 The LPA has prepared the Community Involvement Scheme during the COVID-19 Pandemic. The Council will adhere to the latest Government guidelines and Regulations in terms of its consultation methods such as social distancing rules. The LPA will endeavour to engage the community in innovative ways and will keep the methods under review as the plan preparation is undertaken.

The CIS has been written with regard to achieving these principles.

3.2. Lessons Learnt from the Previous Plan

- 3.2.1. During the preparation of the current LDP, various methods were employed to engage all interested parties. Such methods included the provision of clearly written information, as well as the opportunity to discuss issues, in person, with Council officers. It is considered that the previous methods of consultation were successful and did engage a wide range of individuals and organisations. This is evidenced by the amount of correspondence that the Council received during the process.
- 3.2.2. Since the original CIS however there have been numerous changes, which may make the consultation and engagement process even more effective.
- 3.2.3. The biggest change since the consultations on the previous plan, is the introduction of the Well Being of Future Generation (Wales) Act and the Cwm Taf Well-being Plan. Therefore the consultation approaches and methods used in the production of the new plan will be in conformity with these documents.
- 3.2.4. Social media has grown exponentially since the previous plan along with the Council's online presence generally, and the Council will investigate all opportunities for the use of this platform during the LDP process.
- 3.2.5. The Council further recognises the importance of obtaining the views of the younger generation, as such the Council would like to ensure greater engagement in this regard. This has been made easier since the previous plan with the formation of the RCT Youth Forum.
- 3.2.6. Due to the current situation with COVID-19 some methods of involvement and consultation such as meetings in person and workshops may need greater consideration of how they will be organised, to ensure that Government COVID-19 regulations are met. The Council will explore ways of doing this, and these methods will be reviewed as Government guidance changes. Along with this the use of online methods will be used where appropriate.
- 3.2.7. During engagement events undertaken during 2021 the Council has successfully utilised video conferencing software such as Team and Zoom to undertake meetings, forums and other events. These methods have proven very successful and an efficient way of engaging a large number of people. The Council will continue to use these methods where appropriate.
- 3.2.8. Along with providing information on the LDP website the Council will also utilise online methods of consultation such as the Let's Talk page to engage as widely as possible.

3.3. Principles of Engagement

- 3.3.1. The Council is committed to ensuring meaningful community involvement, therefore the Council will ensure that the principles of engagement will conform to the following standards.
- 3.3.2. Along with the principles of the Well-being Act, the principles of the Cwm Taf Well-being Plan will also be reflected. This document states:
- 3.3.3. Rhondda Cynon Taf Council has endorsed the National Principles for Public Engagement in Wales. The principles and standards have been developed and endorsed by the Welsh Government to make sure that participation happens in consistent and effective ways.

1. **Engagement is effectively designed to make a difference** - Engagement gives a real chance to influence policy, service design and delivery from an early stage.
2. **Encourage and enable everyone affected to be involved, if they so choose** - The people affected by an issue or change are included in opportunities to engage, as an individual or as part of a group or community, with their views both respected and valued.
3. **Engagement is planned and delivered in a timely and appropriate way** - The engagement process is clear, communicated to everyone in a way that is easy to understand within a reasonable timescale, and the most suitable method(s) for those involved is are used.
4. **Work with relevant partner organisations** - Organisations should communicate with each other and work together wherever possible to ensure that people's time is used effectively and efficiently.
5. **The information provided will be jargon free, appropriate and understandable** - People are well placed to take part in the engagement process, as they have easy access to relevant information that is tailored to meet their needs
6. **Make it easier for people to take part** - People can engage easily as any barriers for different groups of people are identified and addressed.
7. **Enable people to take part effectively** - Engagement processes should try to develop the skills, knowledge and confidence of all participants.
8. **Engagement is given the right resources and support to be effective** - Appropriate training, guidance and support are provided to enable all participants to effectively engage, including both community participants and staff.

9. People are told of the impact of their contribution - Timely feedback is given to all participants about the views they express and the decisions or actions taken as a result; methods and forms of feedback should take account of participants' preferences.

10. Learn and share lessons to improve the process of engagement - People's experience of the process should be monitored and evaluated, to measure its success in engaging people and the effectiveness of that participation. Lessons should be shared and applied in future engagements.

3.3.4. The Council is also developing Corporate Consultation Standards, which it will publish later in the year. Consultation during the LDP will be consistent with said standards.

3.4. Who should be Involved?

3.4.1. The LPA is committed to engaging with any person or organisation who has an interest in shaping the future of Rhondda Cynon Taf. The LDP, once adopted, will be used to guide development in the County Borough and will be a key decision making tool for the consideration of planning applications. The Council therefore encourages anyone who wishes to express their views, to do so as part of the preparation of the LDP. The Council will endeavour to ensure that the process is transparent, engaging and accessible to all.

3.4.2. The legal requirements for community involvement and public participation for the LDP are set out in the Town and Country Planning (Local Development Plan) (Wales) Regulations 2005 (as amended 2015). The Council intends to meet and where possible, exceed these requirements. A list of Specific and General Consultation bodies is set out at Appendix 2.

3.5. Equality

3.5.1. We aim to treat everyone with dignity and respect, and to operate in an equitable manner. The Council will make every effort to ensure that the plan preparation process is accessible to all. The Council will engage as widely as possible with all sectors of the community to reflect people from a range of backgrounds and identities. Where due to current COVID-19 pandemic restrictions it is not possible to undertake all consultations in person the Council will seek other appropriate methods of engagement to ensure that all members of the community are fully engaged in the process.

3.6. Hard to Reach Groups

3.6.1. There are particular sections of the community that the Council wishes to ensure are involved in the LDP process, due to their specific needs and/or the fact that they have traditionally been under represented in the planning process.

- 3.6.2. The Council will make every effort to ensure that hard to reach groups are included in the process. Hard to reach groups include:
- Young people;
 - People with disabilities;
 - The elderly;
 - Ethnic minorities;
 - Gypsies and Travellers;
 - People with learning difficulties;
 - Homeless people; and
 - Ex-offenders.
- 3.6.3. Clearly, hard to reach groups are by definition hard to reach and it is not always possible to predict which groups will, in fact, prove difficult to consult with. In order to ensure that the community involvement process is as all-inclusive as possible, the Council will monitor and review the statutory consultation periods throughout the process. Where it is clear that groups have not been represented, the Council will seek to invite such groups into the process.
- 3.6.4. The Council intends to work with its existing partners in the community and develop new partnerships where possible. The preparation of the plan will be closely linked with the work undertaken on the Council's Corporate Plan and Well-being Plan, and where possible, utilise the partnerships that have arisen as a direct result of these plans.

3.7. Welsh Language

- 3.7.1. The Welsh Language Standards were published by the Welsh Language Commissioner as a set of legally binding requirements that have applied from the 30th March 2016. The principal aim of the Welsh Language Standards is to ensure that Welsh is not treated less favourably than English, thus ensuring greater consistency in Welsh Language services. The Standards therefore allow individuals to access services via the medium of Welsh, English or bilingually. The Council published *Strategaeth Hybu's Gymraeg/Welsh Language Promotion Strategy* in September 2016, which alongside the Standards, will be adhered to at each stage of the plan-making process.

3.8. SA/SEA

- 3.8.1. Although the SA/SEA approach should be integrated into the LDP preparation process, there are certain areas of work that need to be specifically prepared. Likewise, consultation on the SA/SEA process can be integrated with other LDP consultation periods however there are specific requirements for the involvement of certain consultation bodies.
- 3.8.2. The SEA Regulations identifies the following bodies that require consultation:
- Authorities with 'environmental responsibility', known as the Consultation Bodies. In Wales these are Natural Resources Wales and CADW (SEA Regulation 14);

- The Public (SEA Regulation 13 (2(b))); and
- Other EU Member States where the plan is likely to have significant effects on the Country.

4. CONSULTATION METHODOLOGY AND TECHNIQUES

4.1. Introduction

- 4.1.1. The LPA will employ a number of consultation methods and techniques in order to facilitate community involvement throughout the plan-making process. All methods utilised have been devised in order to ensure effectual, efficient and wide reaching participation.
- 4.1.2. Whilst a number of different techniques will be used to involve the community as a whole, the Council will ensure the provision of clearly written information in accessible locations and ensure that there is the opportunity to discuss issues with members of staff. Due to the COVID-19 pandemic the Council will, where possible be available in person, subject to regulations set out by the Government such as social distancing. Where this is not possible the Council will seek alternative appropriate methods of engagement such as being available on the telephone and online, to ensure that the community can effectively engage with us in the process.
- 4.1.3. During engagement events undertaken during 2021 the Council has successfully utilised video conferencing software such as Team and Zoom to undertake meetings, forums and other events. These methods have proven very successful and an efficient way of engaging a large number of people. The Council will continue to use these methods where appropriate.
- 4.1.4. Along with providing information on the LDP website the Council will also utilise online methods of consultation such as the Let's Talk page to engage as widely as possible.
- 4.1.5. Listed below are some of the techniques that will be used to consult on the stages of the plan.

4.2. STEERING GROUPS

- 4.2.1. The LPA will host a number of discussion groups, focus groups and workshop sessions in a bid to maximise engagement and ensure a community-led approach, as far as possible. The input of other groups and organisations will also be key to the success of the Revised LDP and the same techniques will be employed to secure their input.

4.3. LDP Member Steering Group

- 4.3.1. The Council will establish a Member Steering Group, in order to guide the formulation of the Revised LDP. This will be made up of a number of appropriate members.

4.4. LDP Officer Steering Group

- 4.4.1 In order to ensure that the Revised LDP is sustainable and deliverable, the Council will establish a LDP Officer Steering Group. The Group will consist of Council Officers with responsibility for areas including Planning, Highways, Engineering, Drainage and Flood Management, Biodiversity, Economic Development, Housing, Education and Public Health, although this list is not exhaustive. It is anticipated that a series of sub-groups will be created beneath the umbrella of the Steering Group, to assist in key areas of policy development.

4.5. Developer Forum

- 4.5.1. The LPA will also draw on the knowledge and expertise of those organisations involved in its unique Developer Forum. The Developer Forum was established in 2012, post adoption of the current LDP, to provide innovative solutions to overcoming barriers to housing delivery. Membership of the Forum comprises representatives of volume and local house builders (operating within RCT); the Home Builders Federations; Registered Social Landlords (RSLs) (operating within RCT); National Financial Institutions; the Federation of Master Builders; and Rhondda Cynon Taf County Borough Council. The LPA will work with the Forum to establish any obstacles to development that have previously been encountered and analyse any issues that emerge, to assist in the plan-making process, in relation to the Revised LDP.

4.6. LDP Forum

- 4.6.1. The Council is committed to working in partnership with the community as a whole throughout the plan making process. For this reason, it is proposed to establish an LDP Forum to assist in and inform the development plan process. The Forum will play an important role in ensuring that the LDP reflects the development needs and aspirations of Rhondda Cynon Taf.
- 4.6.2. It is anticipated that the role of the Forum will be two-fold. Firstly, it will serve as a mechanism for discussion, which will allow open dialogue to take place between stakeholders on key issues of policy. Secondly, it will act as a control group for the various stakeholders in the development plan process. This Forum will be identified on a focus basis, incorporating further Council Members, Council groups, Specific and General Consultation bodies.

4.7. SA/SEA Working Group

- 4.7.1. The Council will set up a SA/SEA working group to help guide and inform the SA/SEA process.

4.8. Social Media and online presence

4.8.1. Social Media presents an opportunity to reach a large number of people in an efficient manner. The Council will use its existing social media platform and other online platforms where appropriate to advertise news and stages of the plan. The use of social media will be in line with the Council's social media policy. The Council however will not accept formal consultation representations made through certain social media platforms which will be made clear on that particular social media platform when this restriction applies.

4.9. Website

4.9.1. The Council's website will be one of the main sources of information and utilised for consultation throughout the plan process. It will be updated with information about each stage of the plan-making process, as well as hosting all the documents prepared and contain contact information for the Planning Policy Team. The website will also host consultation stages of the plan and include information such as how to make a representation and provide the relevant forms needed to do so. The website will be kept up to date throughout the plan process.

4.9.2. During engagement events undertaken during 2021 the Council has successfully utilised video conferencing software such as Team and Zoom to undertake meetings, forums and other events. These methods have proven very successful and an efficient way of engaging a large number of people. The Council will continue to use these methods where appropriate.

4.9.3. Along with providing information on the LDP website the Council will also utilise online methods of consultation such as the Let's Talk page to engage as widely as possible.

4.10. Drop-in sessions during consultation periods

4.10.1. The LDP team will endeavour to be as accessible as possible during the LDP process. In order to assist in this, various drop-in sessions will be held during consultation periods of the LDP where they can accord with up to date Government guidance on COVID-19. It will be ensured that these will be in accessible locations and at convenient times.

4.11. Written Information

4.11.1. The Council will produce clearly written information throughout the process. The Council will also translate these documents in line with the Welsh Language Standards. Requests for these documents in different formats should be made to

the Council in writing. The Council will endeavour to make the written information as accessible as possible.

The Council will prepare Easy Read versions of the main RLDP stage consultation documents.

4.12. Document Availability (Deposit Locations)

4.12.1. During the various stages of plan preparation, electronic documents associated with the LDP full revision process will be available on the Council's website. Electronic representations forms will also be available on the website, at the relevant stages of consultation. Additionally, copies of these documents will be available at main Council offices and libraries; at the time of writing these are:

4.12.2 The Council will keep these locations up to date on its website. Please note appointments might be needed to view documents due to Covid restrictions.

4.12.3 Principal Office

4.12.4 The Teams Principal office is located in Sardis House Pontypridd. At the start of the pandemic the LDP team began working from home. Homeworking is likely to continue and therefore appointments will need to be made to view documents or to meet with the LDP team in person. To make an appointment please call or email the team.

4.13. Direct Correspondence

4.13.1. Anybody who has an interest in Rhondda Cynon Taf and the LDP can and should be involved in the LDP process. The Council will host a consultation database, which will hold the contact details of any individual or organisation who wishes to be kept informed of the plan process. During the various stages of the process, the Council will make direct contact with individuals and organisations via email or letter. The Council will endeavour to reduce the amount of paper used during the LDP process and therefore will, where possible, require an email address from participants. It is however understood that not everyone has an email address and therefore these individuals will be written to via post.

4.14. Availability of the LDP Team

4.14.1. The LDP team will endeavour to be as accessible as possible throughout the LDP process. The team has a direct email address and telephone number. The team can be contacted during office hours, which are between 9.00am-5.00pm Monday to Friday (excluding bank holidays).

4.14.2. The Council will also endeavour to meet with community groups and/or residents as appropriate and where possible.

4.14.3. Contact details for the team are included at Appendix 1.

4.14.4. Set out above are the main consultation and engagement techniques that will be employed by the Council during the plan-making process. There will however inevitably be opportunities that arise during the LDP process to engage further with the public, especially as COVID-19 restrictions are gradually lifted. The Council will explore any opportunity to do so.

4.15. Interacting with the Council/Expectations of Consultees

4.15.1. For comments and/or representations to be made on the Revised LDP, it is essential that they are submitted during the specified timescales, to allow the LPA to give them due consideration. The timetable of relevant stages is set out earlier in the Delivery Agreement, which provides a guideline with regard to when involvement is sought. This will allow all views expressed to be considered and ultimately inform the plan-making process, where appropriate.

4.16. Representation forms

- 4.16.1. A standard representation form will be made available by the Council during consultation periods. The completion of key sections of this will be required to make a valid representation.
- 4.16.2. Should any personal details change from the point of initial contact, it is advisable to inform the LPA to ensure that you continue to remain informed of the Plan's progress. Additionally, the Council acknowledges that a change in land ownership details of Candidate Sites could occur during the process. Consequently, it is imperative that any such changes are communicated to the LPA, as a matter of urgency.

4.17. Consensus Building

- 4.17.1. The LPA will ensure that consensus is built via the engagement and consultation techniques referenced in the Community Involvement Scheme. In order to build a consensus, it is essential that stakeholders and all other interested parties are kept fully informed and engaged throughout the full revision procedure. This will be of particular importance at the outset of the process. It is however acknowledged that on occasion, consensus will not be achievable and a difference of opinion between various parties will prevail. As such, a clearly defined audit trail of decisions will be maintained, thus ensuring transparency in the decision making process.

4.18. Handling of Representations and Other Data

- 4.18.1. Representations which are received in the prescribed timescales will be handled in the following manner:
- Representation logged and given a representation number;
 - Confirmation sent to representor in receipt of the representation;
 - Representation and details of representor logged;
 - All valid representations considered and responses formulated; and
 - Local Authority's responses to representations recorded and published in accordance with the Regulations.

4.19. Data Protection

- 4.19.1. All personal information and data will be handled in line with the agreed Prosperity and Development Departments data protection and privacy policies.

To learn more about how your personal information will be used, please visit the Council's data protection pages at www.rctcbc.gov.uk/dataprotection.

4.20. Late Representations

- 4.20.1. For representations to be considered, the consultation responses for the specific stage will be required within a precise period. Late comments/representations will not be logged as valid if they fail to comply with the published timescales.
- 4.20.2. There may be extenuating circumstances in which a representation is submitted late, it will however be at the discretion of the LPA with regard to whether such comments/representations are accepted. The LPA faces a challenging timetable in the production of a revised plan; therefore, late representations have the potential to cause further and unnecessary delays, which would not be acceptable.

4.21. Monitoring and Review of the Delivery Agreement

- 4.21.1. It is proposed to monitor and review the effectiveness of the Delivery Agreement at each stage of the Local Development Plan preparation process. This will establish whether the LPA is meeting its objectives in terms of public engagement in the process, and whether or not the timescales, as indicated, are being met. This will be of particular importance during this time due to COVID-19 restrictions and the evolving nature of the situation. Where there is opportunity to improve the methods of engagement we will seek to do so. However any significant amendments to the community involvement scheme and any changes to the timetable will require formal Council and Welsh Government approval.
- 4.21.2. An updated timetable will be submitted to the Welsh Government, following the Deposit stage. This will provide the opportunity to specify a refined timescale for the 'indicative' stages of the timetable, once further details are known.

4.22. Monitoring and Review of the LDP

- 4.22.1. The Council will produce an Annual Monitoring Report (AMR) each year following the date of adoption, which will assess how effectively the policies and proposals of the plan are performing and highlight any need for modifications. The monitoring report will also include references to new or updated National Planning Guidance and any other relevant information. Once produced, the monitoring report will be made available to the public to view on the Council's website.
- 4.22.2. Following the adoption of the LDP, it is intended that the plan will be reviewed on a four-yearly cycle. A review of the SA/SEA baseline information and trends will also take place and feed into the revision.

4.23. Supplementary Planning Guidance

- 4.23.1. The Revised LDP will contain sufficient policies and proposals to provide the basis for determining planning applications. The selective use of SPG will be utilised as a means of setting out more detailed thematic policies or site-specific guidance on the way in which the LDP policies will be applied. SPG does not form part of the

development plan but will be derived from policies contained within the plan, thus ensuring consistency in the policies/proposals that it supplements.

4.23.2. Following the adoption of RCTs current LDP, a number of SPG were produced to provide support to existing LDP policy. These were:

- Design and Place-making (March 2011)
- Design and Place-making: Access, Circulation and Parking (March 2011)
- The Historic Environment (March 2011)
- Design in Town Centres (March 2011)
- A Design Guide for Householder Development (March 2011)
- Affordable Housing (March 2011)
- Nature Conservation (March 2011)
- Planning Obligations (March 2011)
- Planning Obligations (Revised) (December 2014)
- Shopfront Design (October 2014)
- Development of Flats (June 2015)
- Employment Skills (June 2015)
- Houses in Multiple Occupation (HMOs) (May 2018)

4.23.3. A review of all the existing SPG documents, including ones prepared more recently, will form part of the LDP full revision procedure, with amendment or revised likely in most instances.

4.23.4. The Council will use SPG to cover detailed and numerical guidelines where it is considered that they may change during the lifetime of the plan. This will ensure that the LDP does not become outdated in the short term and will assist with the flexibility of the plan. Where SPG will aid the understanding of the LDP, it will be prepared and consulted on in parallel. It will not however be possible to prepare all SPG in parallel and in these circumstances, SPG will be subject to a separate formal process of consultation and adoption. A report of public consultation will be prepared in respect of each SPG document.

4.23.5. SPG cannot be formally adopted until after the Inspector's binding report has been received and it is clear that there will be no change in the policy approach.

5. TIMETABLE AND PROPOSED METHODS OF ENGAGEMENT

The information below provides a detailed breakdown of the plan making process, up to and including the submission of the LDP to the Planning Inspectorate for examination. It seeks to explain the purpose of the stage, who will be engaged and the Council's expectations of consultees. The subsequent stages in the process are not directly in the control of the Council and therefore may be subject to change.

The tables that follow comprise the Specific Consultation Bodies, UK Government, General Consultation Bodies and Other Consultees as required by LDP Wales. The tables also include parties who have either requested inclusion directly or been suggested as useful additions by third parties.

The Council undertook targeted consultation on the Delivery Agreement with stakeholders. Suggestions made for additional consultees have been added to this list following the consultation.

These groups will play an important role in the development of the LDP and the Council will ensure that they are kept involved throughout the process.

It must be stressed that this list is not exhaustive or exclusive. The Council welcomes all suggestions, either directly from organisations themselves or individuals, on any interest group, organisation or body who may wish to be included on the database. It is anticipated that the list will grow continuously throughout the development of the LDP.

The Council maintains an LDP Consultation Database, which includes interested parties. The Council is happy to include any individual who wishes to be kept abreast of the LDP process.

Should any party/individual wish to be removed from the LDP databases, they should contact the Development Planning Team directly.

Appendix 3 – Risk Management

There are a few main likely outcomes of failing to proceed with LDP preparation as indicated:

The Assembly Government has reserve powers in relation to plan preparation and adoption, which it can use when local planning authorities are clearly failing to progress plan preparation.

Promoters of major development proposals may seek to pursue planning permission for their sites, in advance of consideration through the LDP and to the detriment of the proper long term planning of the Borough.

Some of the main risks to the LDP not proceeding in accordance with the proposed timetable are included in the table below

Risk	Potential Risk	Mitigation
The publication of revised planning guidance by the Assembly Government	Changes needed to the content of the LDP	<p>Ensure that the WG legislative programme is followed through the plan preparation and that the LDP is in general conformity with WG policy.</p> <p>Liaise with WG colleagues throughout the LDP preparation process.</p>
A reduction in the resources and budget available for the project	Timetable slippage	<p>Ensure there is corporate support for the delivery of the LDP.</p> <p>Consider additional resources available from the wider division</p>
Any inability of Service Areas to provide necessary input as required;	Timetable slippage	Liaise with colleagues throughout the plan process to keep them informed of when their input will be required to allow them to forward plan
Unavailability of meetings and/or agenda time of Cabinet, Development Control Committees and Council, at the necessary times, to consider reports and approve necessary documents, or inability to agree plan proposals;	Timetable slippage	<p>Liaise with Cabinet/Council office to consider timescales and take account of this is the timetable.</p> <p>Ensure that the LDP is a Corporate priority.</p>

Risk	Potential Risk	Mitigation
Inability of translators or printers to deliver documents, plans and publicity material in accordance with the approved programme;	Timetable slippage	Liaise with colleagues in translation early to ensure they can take account of the translation needs of the LDP in there forward planning. Consider additional resources and buy in where necessary
The volume or significance of responses to consultations being so great as to require a longer period than projected to respond to their implications	Extra time needed to process and respond to representations. Timetable slippage	Early engagement and consultation with consultees to endeavour to build consensus. Consider bringing additional resources
Political Change/ elections	Time table slippage or abortive work	Ensure that the Revised LDP is a Corporate priority
The ability of statutory consultees to respond within a set timeframe given their resource constraints.	Timetable slippage	Early engagement with the consultees to allow them to forward plan the periods when their input is required.
Legal challenge	Adopted LDP may be subject to challenge in the courts and quashed	Ensure that all the Regulations and legislation are adhered to.
Further lockdown due to COVID-19	Unable to progress with LDP preparation	Limited mitigation. Staff are able to work from home in a reduced capacity, and online consultation would still be possible. This is still a considerable risk to fully accord with the timetable.
Unable to fulfil the CIS due to COVID-19 restrictions	Non- compliance with the CIS	Keep the DA under regular review and endeavour to adapt as necessary to ensure effective consultation
